HAIR BEAUTY
BOOSTER

“ TODAY, BEAUTIFUL HAIR
IS NO LONGER ENOUGH...
WE NEED TO HAVE
SURPRISING HAIR! ”

The skincare industry inspires
a new product category: the booster.

To revolutionise the shampoo and mask
Hair Routine, amplifying the results
for an extraordinary effect.

HAIR BEAUTY BOOSTER

The Breilil laboratories have developed a revolutionary formula to provide hair with an injection of energy.

A CONCENTRATED
ACTIVATOR THAT PROVIDES
THE HAIR WITH HYDRATION,
STRENGTH AND SHINE

x5

5 TIMES MORE HYDRATION
non-stop hydrating action for up to 72 hours

x3

BOOSTS HAIR SHINE THREEFOLD
leaving it light and silky

x2

DOUBLES HAIR FIBRE STRENGTH
protecting it from heat styling

THE ACTIVE INGREDIENTS

HYALURONIC ACID

Thanks to its 'water tank' properties, it stores water within the hair fibre, improving the life of the follicles and restoring the hair's moisture balance.

PLANT PROTEINS

Owing to their different molecular weights, they act both internally and superficially, repairing the damaged hair fibre and coating the hair with a **protective shield that renders it stronger, more resilient and fuller.**

HAIR BEAUTY BOOSTER

3x50 ml salon format
with dropper

PROFESSIONAL USE ONLY

In a bowl, mix 5 drops of product
for every 10 ml of the BioTreatment mask.

Apply lock by lock with the aid of a brush
and massage to facilitate product absorption.

Leave for 5 minutes before thoroughly
rinsing and drying.

30 ml retail format
with spray dispenser

3 WAYS TO USE

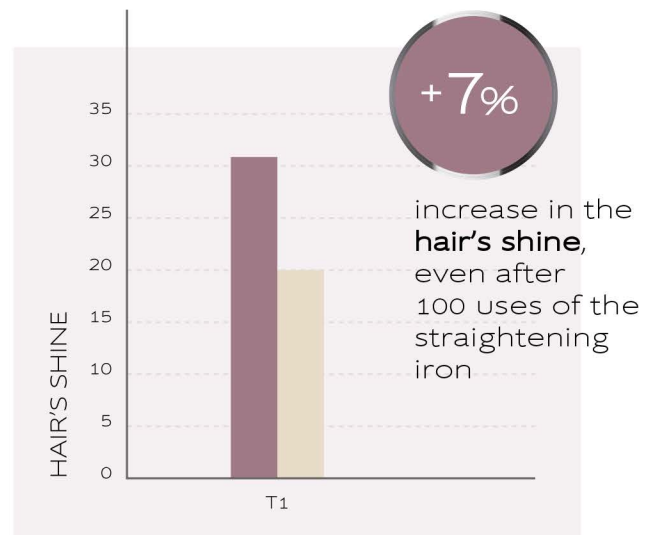

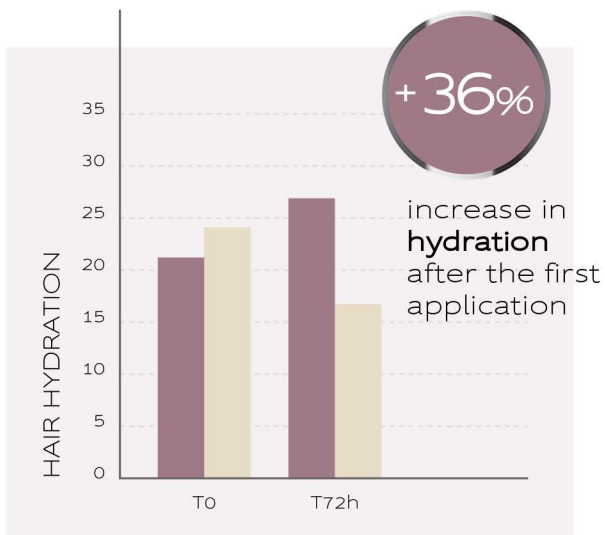

TO ENHANCE THE EFFECTIVENESS OF THE MASK:
after shampooing, spray evenly onto damp hair.
Apply the mask and leave to sit for 5 minutes.
Rinse and style as usual.

TO NOURISH AND PROTECT:
spray evenly onto washed and towel-dried hair.
Style as usual.

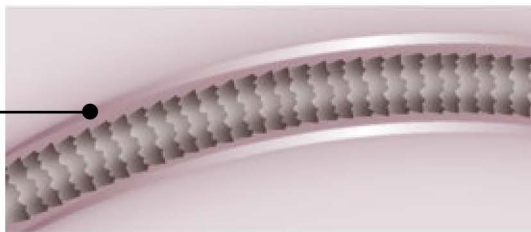

TO REVIVE, TAME AND HYDRATE:
spray onto dry lengths.
Do not rinse.

SCIENTIFICALLY- PROVEN RESULTS*

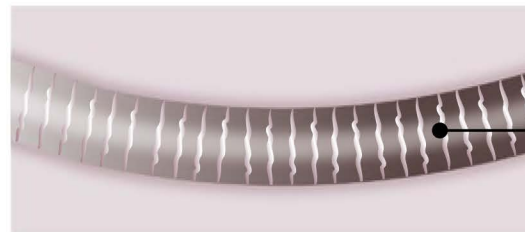

■ treatment with Hair Beauty Booster ■ ordinary treatment

Formation of a protective shield on the hair.

Greater protection and resistance towards the external edge of the cuticles and more sensitive breakage points.

Re-construction of the cuticle.

The hair is strong and full of body, protected from mechanical heat stress.
